 We are looking for a Technical Solution Architect in Online Services. The incumbents will help secure major architecture decisions for our products. Our solutions help Ubisoft engage and support players through personalized, seamless experiences across all channels.

### What you'll do

- Lead and oversee major architecture decisions to bring coherence and ensure healthy decisions.

- Drive solutions for transversal, critical and complex topics such as major service replacement, replacing a vendor solution and large-scale initiatives.

- Understand interdependencies between systems, evaluating risks and ensuring technical decisions align with long-term vision.

- Anticipate technological progress, positioning Online Services to leverage innovative solutions efficiently defining best practices and standards for Online Services.

- Liaise with other Online Services activities to make sure our decisions participate in the global OS ecosystem.

### What you bring

- You can go deep and wide.

- You naturally convey business considerations to technical stakeholders and technical considerations to business stakeholders and can balance both.

- You can capture complicated situations in synthetic visual and text representations for all kinds of audiences.

- You have a strong passion and opinion on how things should be done, and the flexibility to adapt to external constraints and differing perspectives.

**Your qualifications**

- **Proven experience in Software and/or Solution Architecture**

- **Strong proficiency with technology (eg  Web, API, MarTech...)**

- Understanding of security, scalability and performance best practices

- Excellent communication, leadership and stakeholder management skills

- Problem solving, strategic thinking and decision-making abilities

- Relevant education (eg Software Engineering) and certification (eg TOGAF) a plus

Ubisoft is a global leader in gaming with teams across the world creating original and memorable gaming experiences, from Assassin's Creed, Rainbow Six to Just Dance and more. We believe diverse perspectives help both players and teams thrive. If you're passionate about innovation and pushing entertainment boundaries, join our journey and help us create the unknown!

We embrace a hybrid work model helping you stay connected with your team and aligned with business priorities, while giving you the opportunity to maintain your work-life balance. Note, that some roles are fully office-based and are not eligible for hybrid work.
