In this role at Ubi Montreal, you'll play a pivotal role in driving your team's vision and innovation for the visual effects of *Rainbow Six Siege*. You'll leverage your leadership, team management, and technical expertise to push the boundaries of VFX while working within the game's complex systems.

**What you'll do**

- Collaborate closely with multidisciplinary teams (VFX artists, technical artists, technical directors, and programmers) to deliver high-quality VFX safely and sustainably.
- Lead modernization efforts of legacy effects in *Siege*, ensuring they align with the future artistic vision while respecting existing technical constraints.
- Facilitate collaborative and productive artistic reviews, embracing iterative visual improvements.
- Inspire and guide your team by fostering a culture of learning, growth, and constant innovation.
- Address technical challenges while ensuring deliverables meet the game's high-quality standards.

**What you bring to the team**

- Proven experience in at least two of the following areas: team management, VFX creation, and a strong understanding of complex technical systems.
- Demonstrated ability to excel in diverse and interdisciplinary team environments.
- Natural leadership skills with a passion for mentoring and team development.
- Expertise in navigating and respecting complex technical systems, while also driving modernization initiatives.
- Strong communication and collaboration skills.
- Strategic thinking paired with a creative approach to problem-solving.

**What to send our way**

- Your CV highlighting your experience in VFX, team leadership, and/or working with complex systems.
- A portfolio or other relevant examples of your work (for creative roles).
