As a Senior 2D 3D Artist (Branding and Marketing) at Ubisoft Montreal, you will help shape and elevate the visual identity of our game. You will focus on creating **high-impact marketing visuals driven by 3D production**, supported by strong 2D design skills, to communicate the game's universe, tone, and personality across all marketing channels.

Working closely with marketing and development teams, you will translate the game world into **polished, campaign-ready assets** used in announcements, social media, store pages, and promotional materials. As a Senior 2D 3D Artist Branding and Marketing, you will take ownership of creative initiatives and ensure strong visual consistency across all brand touchpoints.

## What you'll do

- Create **high-quality 3D scenes and renders** for marketing campaigns and promotional materials
- Build **cinematic compositions** using characters, environments, and props
- Design **lighting, camera, and staging setups** that strengthen visual storytelling
- Produce **key art and hero visuals** for major marketing moments
- Combine **3D rendering and 2D design** to deliver impactful marketing compositions
- Use **Unreal Engine 5 and other 3D tools** to generate final marketing imagery
- Define and maintain the **visual language and brand consistency** of the game
- Collaborate with **marketing, community, and development teams** to align visuals with campaign goals
- Own creative projects from **concept through final delivery**

## What you bring to the team

- A **strong portfolio** showcasing high-quality **3D marketing visuals**, renders, or cinematic compositions
- Proven ability to deliver **polished promotional imagery** using 3D workflows
- Solid experience with **Unreal Engine 5 or real-time rendering pipelines**
- Strong understanding of **lighting, composition, color theory, and visual storytelling**
- Effective **2D design skills** for layout, compositing, and final polish
- Proficiency with **Adobe Photoshop** and related creative tools
- Experience maintaining **visual consistency across a brand or campaign**
- Ability to work **autonomously** and take creative ownership
- Clear communication and a collaborative mindset

## What to send our way

- Your CV highlighting relevant skills and experiences
- A portfolio showcasing **3D-driven marketing visuals and branding work**
