You will be working closely with your team lead to build and maintain high-end rigs for photoreal props, characters and creatures.

What You'll Do

- Work closely with other departments (modeling, animation, fx/cfx, tds) to provide high-quality rigs
- Use our in-house rigging system (Maya)
- Act as a support to animators
- Help develop tools and scripts to improve productivity
- Learn and apply studio rigging standards as well as tools while gaining experience in our pipeline workflows
- Optimize rigs for efficiency

- Minimum 3 years rigging in the field of VFX, film or television, with the ability to ensure a high level of technical quality
- Has experience rigging high-end creatures
- Has a good understanding of fx/cfx requirements
- Strong knowledge of Maya
- Be proactive
- Has programming skills (Python)
- Knowledge of FACS an asset
- Good understanding of anatomy and biomechanics

Nice to have :

- Maya plug-in development
- AI knowledge.
- Facial rigging or Deformation rigging specialty

Our passion for innovation and our team’s creativity are recognized throughout the industry and remain the cornerstone of our work philosophy. Our team is comprised of over 200 highly qualified creators working in two creative spaces located in Piedmont, in the Laurentians, and in the Mile-End district of Montreal.

Our repertoire holds prestigious titles such as 300, Avatar, Hunger Games and Jurassic World, as well as in the last 6 instalments of the Star Wars franchise and the new Disney+ high-end TV series, The Mandalorian, The Book of Boba Fett, Obi Wan Kenobi and Andor.

At Hybride, first and foremost, we are good human beings, who value well-being and solidarity. We’re committed to fostering a work environment that is inclusive and respectful of all differences.

At Hybride, you can come as you are. We embrace diversity in all its forms. We’re committed to fostering a work environment that is inclusive and respectful of all differences.
