Recruitment, Assessment or Selection Process

Ubisoft Toronto will notify job applicants when they are individually selected to participate further in an assessment or selection process that accommodations are available upon request in relation to the materials or processes to be used in the job assessment or selection process.

When making offers of employment, Ubisoft Toronto will notify the successful applicant of its policies for accommodating employees with disabilities.

Informing Employees of Supports

This information will be provided to new employees as soon as practicable after commencing employment.

Accessible Formats and Communication Supports for Employees

Upon the request of an employee with a disability, Ubisoft Toronto will consult with the employee to provide, or arrange for the provision of accessible formats and communication supports for information that is needed to perform the employee's job, and the information that is generally available to all other employees in the workplace.

In determining the suitability of an accessible format or communication support, Ubisoft Toronto will consult with the employee making the request.

Workplace Emergency Response

Ubisoft Toronto is committed to a safe work environment and will provide an individualized emergency evacuation plan to employees who have a disability. Where the employee requires assistance, Ubisoft Toronto will, with consent of the employee, provide the individualized plan to a person designated to provide assistance. If you require an individualized emergency evacuation plan, please contact [HR Connect](#).

Documented Individual Accommodation Plans

Ubisoft Toronto will maintain a written process for the development of documented individual accommodation plans for employees with disabilities.

If requested, information regarding accessible formats and communications supports provided will be included in individual accommodation plans.

In addition, the plans will include individualized workplace emergency response information (where required), and will identify any other accommodation that is to be provided.

Performance Management, Career Development and Advancement & Redeployment

Ubisoft Toronto will take into account the accessibility needs of employees with disabilities, as well as individual accommodation plans, when conducting performance management, providing career development and advancement opportunities to employees, or when redeploying employees.

Return to Work

Ubisoft Toronto maintains a documented return to work process for its employees who have been absent from work due to a disability and who require disability-related accommodations in order to return to work. The return to work process outlines the steps Ubisoft Toronto will take to facilitate the return to work and will include documented individual accommodation plans as part of the process.

The return to work process will not replace or override any other return to work process created by or under any other statute (such as the *Workplace Safety Insurance Act, 1997*).
